Bid Number: 21001 Mobile STEM Lab Trailer

Bids Will Be Publicly Opened: March 25, 2021 at 10:00 a.m.

Your reference is directed to Fletcher Technical Community College Invitation to Bid 21001, which is scheduled to open on March 25, 2021. Notice is given to all parties that this Solicitation is amended by the College as stated herein. This Addendum is hereby made an official part of this Solicitation.

The following questions were posed in regard to Solicitation 40010-LAC-21001:

7. "One of the line items it's mentioned. 'This is an 'all or none' bid meaning the bidder must be able to provide all items. For clarifications. In a paragraph just above it, it mentions art robotic, simulator and VR/AR equipment, CNC. Is the college providing these items? And is any of this equipment being shipped to the Vendor for install?"
"..will there be another bid coming out for the training equipment that will go into this trailer?"

Answer: Those items are not part of this bid and will be provided by Fletcher.

8. "On this bid request the trailer spec is calling for a 26' trailer. My question is: Does this trailer need to be a flat front or v nose? The drawing on page 12 shows a v-nose, the exterior specs just call out 26' trailer."

CHANGE "Base Model" line on page 9 to:

8' X 26' with 8' ceiling – Vee Nose Aluminum Construction

9. "Ceiling and walls: instead of screwless aluminum, would they accept a laminate?"

Answer: No

10. "Comment regarding the MSO. Complete certificate of origin. This gets released once the vehicle is paid in full. Can you check with them regarding this?"
